The background of the slide is a photograph of a rustic stone wall. The wall is built from large, irregular, greyish-brown stones. To the left of the wall, a thick, gnarled tree trunk is visible, with some bare branches extending upwards. The overall scene is somewhat overcast and has a slightly desaturated, naturalistic feel. The text 'With Geoff' is overlaid in a bold, purple font in the center of the image. In the bottom right corner, there is a small, orange-colored date and time stamp.
